Financial Policy

Thank you for choosing Rice Family Dentistry. We are committed to providing the highest quality dental care in order for you to achieve your best smile possible.

Dr. Rice is a preferred provider with many major insurance carriers. Please be advised, your dental insurance is a contract between you and your employer. We do our best to **estimate** your out-of-pocket cost after insurance has paid its portion. We do ask that this **estimated** amount is paid at the time services are rendered. Any remaining balance after insurance's final payment, must be paid in full within 30 days. Our office accepts cash, debit and credit cards, flexible spending cards, and Care Credit.

If you have any questions regarding this policy, our front office staff will gladly assist you.
